

## A WORLD OF PEACE

By Savannah Capolungo  
9<sup>th</sup> Grade

Dozier-Libbey Medical High School, Antioch

A peace of mind  
To keep our mental stability  
We see everything for what it truly is  
And we achieve a calm spirit within us.

A peace in our world  
Never another war  
All conflicts have been resolved  
We live in harmony forever.

To see a new life  
A child in your sight  
An infant brings love  
And peace and happiness.

Today I see nothing  
The child, born into a state of war  
Fears for its life  
And sees what no child even thinks about.

It can all be resolved  
Not with violence, but with words of love  
This may be difficult  
But it is well worth it.

This world will become the place it was meant to be  
To love everyone for whom they are  
No racism or hate  
Only peace and love.
